# STUDENT GUIDE TO BSQ VALUES

---

*We live and learn together*

# RESPECT

**We treat every single person in our community equally, showing respect, empathy and understanding.**

- We consider how we talk and act, using language that respects the dignity of others.
- We use our actions to show respect to everyone in the BSQ community by always being on time, being engaged in lessons and using appropriate language.
- We show respect for our campus and the world around us.

# **We have a responsibility to care for ourselves, each other and our wider community**

- We are responsible for taking care of our campus and protecting our environment.
- We make sure that our school is a safe, open and diverse environment where everyone feels included.
- We consider and support the feelings and well-being of others without discrimination.

**CARE**

# HAPPINESS

**We are free to express our feelings and thoughts in a comfortable way.**

---

- We are supportive of ourselves and each other in a non-judgemental way.
- We feel happiness and pride in our accomplishments, however small they are.
- We are understanding, open-minded and compassionate to others.

# WELCOME

We are inclusive, inviting and supportive in making people feel at home in our school.

---

- We welcome all beliefs and needs with an open mind in every situation.
- We are friendly and have empathy in the way we communicate with others.
- We break down language barriers so that everyone feels welcome.

“

# AMBITION

**We are passionate about setting our own targets and motivated to achieve them.**

- We are free to define our ambition by trying a multitude of experiences that deepen our understanding of what that ambition might be.
- We prioritise what is important through the support the school gives us to fulfill our longer term life goals.
- We always consider others and the environment on the path to our ambition.

# DETERMINATION

**We are determined to meet our goals without sacrificing our passions.**

- We manage our time effectively to successfully achieve our academic and personal goals.
- We are motivated to set ourselves reasonable goals that challenge us.
- We believe in not giving up when working to overcome challenges and meeting our daily targets.
